At some point, all religions had a beginning. Eliphas Levi, in fact, believed they all came from the same place. In *The History of Magic*, he discusses the origins of many of the world's schools of mysticism and occult ideologies, as well as how he claims they deviated from the sole source of true religion.

The history of animation started long before the development of cinematography. Humans have probably attempted to depict motion as far back as the paleolithic period. Shadow play and the magic lantern offered popular shows with projected images on a screen, moving as the result of manipulation by hand and/or some minor mechanics. In 1833 the phenakistiscope introduced the stroboscopic principle ...
