Whole brain emulation (WBE), mind upload or brain upload (sometimes called "mind copying" or "mind transfer") is the hypothetical futuristic process of scanning the mental state (including long-term memory and "self") of a particular brain substrate and copying it to a computer. The computer could then run a simulation model of the brain's information processing, such that it responds in ...

Description. Helping tech-savvy marketers and data analysts solve real-world business problems with Excel. Using data-driven business analytics to understand customers and improve results is a great idea in theory, but in today's busy offices, marketers and analysts need simple, low-cost ways to process and make the most of all that data.

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.

Man Conquers Space is David Sander's project to make a pseudo-documentary movie about the history of space flight, if things had happened as predicted by Colliers.Absolutely brilliant, the trailer will take your breath away. And if you dreamed about those ferry rockets when you were a child in the mid 1960's, the trailer may bring a wistful tear to your eye.

Update (Dec. 16): If you're still following this, please check out an important comment by Alex Selby, the discoverer of Selby's algorithm, which I discussed in the post. Selby queries a few points in the Google paper: among other things, he disagrees with their explanation of why his classical algorithm works so well on D-Wave's Chimera graph (and with their prediction that it should ...

Introduction. Individual decision-making about consumption has been the subject of many theories and approaches. In this paper, we are interested to propose some steps to include consumer decision making and behaviour in formal models, trying to do this in a more realistic way than the neoclassical theory.
