Scientology uses an emotional classification system called the tone scale. The tone scale is a tool used in auditing; Scientologists maintain that knowing a person's place on the scale makes it easier to predict his or her actions and assists in bettering his or her condition.

Scientology beliefs and practices - Wikipedia

In music, the dynamics of a piece is the variation in loudness between notes or phrases. Dynamics are indicated by specific musical notation, often in some detail. However, dynamics markings still require interpretation by the performer depending on the musical context: for instance a piano (quiet) marking in one part of a piece might have quite different objective loudness in another piece, or ...
